## Referral List

\*\*\*\*\*

### IMPORTANT INFORMATION

This is a list of commonly referred to specialists by our practice. Please check with your insurance company or the specialist to make sure that the specialist is in your insurance network. If your insurance requires a referral, you must call us with the name of the specialist you choose, the date of the appointment, and the location of the appointment. Please allow a minimum of one week processing time for the insurance companies that require referrals. It is your responsibility to request a referral from our office. If a specialist on this list is NOT covered by your insurance carrier, please call your insurance representative to obtain a list of doctors in their program.

Thank you.
